Alex and Tim,

The draft QAPP that ERG transmitted to us is not complete for the following reasons:

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

The above information covers overarching issues, and I am still working on providing a version of the document with specific QA comments in Track Changes. Alex has asked me to go ahead and forward the above information and follow-up soon with the more specific comments that the guidance would not help address. Please convey this information to the contractor or others as you see fit.

Thank you,

Dear Colleagues,

Attached is Revision 1 of the STREAMS TO6 TD23 QAPP. The second document is Appendix G of the QAPP.

Please note that we have incorporated revisions based on Holly's comments to three of the appendices, and have added three more appendices for three additional data sources.

Please let us know if you have any additional comments.
